Local Information: Dartmouth College

A) Location of conference activities:

The math department is spread over three different buildings, but the main math office and most offices are in Bradley Hall (this is the top most blue boxed building in the map below). On Wednesday and Saturday, the talks at the conference will be in 101 Bradley Hall. On Thursday and Friday, the talks will be in Carson L01 (Carson is the building just below and to the left of Bradley on the map, highlighted in light green). Most participants are staying at the Hanover Inn (highlighted in red on the map). The easiest path to the conference is to follow north main street onto campus and take a right towards Bradley/Carson just after passing the main library building (follow the highlighted yellow path on the map). If you run into problems, you can contact Scott Pauls (office number 603-636-1047, cell phone 603-252-7060). To see a full campus map, you can check http://www.dartmouth.edu/~maps/

B) Reservations at the Hanover Inn: we have a block of rooms reserved at the Hanover Inn (603-643-4300) at a discounted rate of $92/night. To get this rate, the charge needs to go through our department. Once you have made the reservation, email Scott Pauls (scott.pauls@dartmouth.edu) so that the discount arrangements can be made.

C) Parking: If you are driving into town, you can park directly at the Hanover Inn. Parking is by valet service, so simply pull under the main awning on W. Wheelock street in front of the Inn. Parking on campus is very limited due to various construction projects and it is wise to park at the Inn and leave your car for the duration of the conference. If you are not staying at the Inn, contact Scott Pauls to determine the best parking options.

D) Food: There are two restaurants in the Hanover Inn but there are also a number of restaurants within a few blocks of the Inn. On North Main Street alone, there are the following places to eat:

Expensive: Canoe Club, Murphy’s Tavern, Café Bon Gustio
Mid range: Molly’s, Mai Thai, Panda House
Inexpensive: India Queen, The Wrap, 5 Old Nugget Alley

On campus, one can buy food at a number of places. The closest to the Inn are the cafeteria in Collis Hall (diagonally across the street from the Inn) and the cafeteria in the Hopkins Center (one block east from the Inn on W. Wheelock).

E) Internet access: There are many public computers around campus that you may use. In addition, the Hanover Inn provides free wireless access that works throughout campus (SSID HanoverInnWireless). They have connection directions available at the front desk.

F) Funding: if you are applying for funding or need to be reimbursed for this trip, we will need you to fill out forms once you arrive (or, we can send you an electronic copy). Please keep all receipts to smooth the reimbursement process.
