

Printing Posters on HP DesignJet T730 (“dürer”)

Have your poster as a **PDF** file (webmail, somewhere in the cloud, USB flashdrive).
PDF page size should be the intended poster size, e.g. 3'×3', 36”×48”, A0...

Please avoid having large areas of dark backgrounds and try to have 1” margins on all edges.

Confirm plotter is ON.

Open poster PDF in Preview app on Mac mini.

Choose **File > Print**.

Select:

Printer: **Durer**

Presets: **Posters on HP DesignJet**

Set **Paper Size** to your poster’s size.

Print.
